

King's Heath History Society will be taking part in Birmingham Heritage week 9 - 19/9/21.

We are offering a guided walking tour of the development of Highbury Park from 19th century rural idyll to modern day public park as part of Birmingham Heritage week,

Tuesday 14th Sept 2021 in Highbury Park 10.30 am – 12.00.

About this event

We will explore various aspects of the uses of the park from the 19th Century, some of which are now lost forever, whilst others have left footprints behind or still remain today. The house and grounds of the Highbury Estate are grade 2 listed and are currently undergoing restoration thanks to external funding and the work of the Chamberlain Highbury Trust.

Joining instructions and tickets cost £4 per person and are available via <https://www.eventbrite.co.uk> (all proceeds go to King's Heath History Society.)
